---

### **Summary**

This document contains the report to the Board on the status of resources available in the FRLD Trust Fund as at 15 March 2026.

---

## **I. Background and mandate**

1. The Conference of the Parties to the United Nations Framework Convention on Climate Change and the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement, in paragraph 12 of decisions 1/CP.28 and 5/CMA.5, urge developed country Parties to continue to provide support and encourage other Parties to provide, or continue to provide support, on a voluntary basis, for activities to address loss and damage.<sup>1</sup>

2. The Governing Instrument of the Fund states that: “The Fund is able to receive contributions from a wide variety of sources of funding, including grants and concessional loans from public, private and innovative sources, as appropriate.”

3. A total of 26 countries and the European Union announced pledges to the FRLD with 24 having made contributions. Contributions have been transferred through two main channels:

(a) The FRLD Trust Fund, managed by the interim Trustee;

(b) Other funding vehicles temporarily managed by entities that served as part of the interim secretariat of the FRLD before the independent Secretariat became fully operational.

## **II. Report by the interim Trustee on the status of FRLD Trust Fund resources**

4. In accordance with article 7.02 of the Trustee Agreement, “The Trustee shall furnish to the Fund Board, through the Secretariat, annual (or at any other frequency agreed between the Fund Board and the Trustee) financial reports of the Trust Fund on the receipts in, transfers from and in the relevant Holding Currency.”

5. The annex to this document contains an update from the World Bank as interim Trustee of the Fund on the status of resources in the FRLD Trust Fund as at 15 March 2026. This includes, since the seventh meeting of the Board, additional contribution agreements signed with Japan, Spain and the Walloon Region of Belgium, as well as cash contributions received from Australia, Japan, Spain and the United Arab Emirates.

<sup>1</sup> This paragraph is without prejudice to any future funding arrangements, any positions of Parties in current or future negotiations, or understandings and interpretations of the Convention and the Paris Agreement.
